

Sutton school is near the city of Canberra but has lots of farms around as well as some Australian bush behind us. We are hot and dry in Summer and can even get snow in winter.

The school we compared our square to was St Georges. St Georges is in the country so there aren't many buildings around. There are farms around St Georges.

# Sutton

We think our squares are alike because most of what was found in the two squares were similar or the same.

Our Square

We enjoyed the Square of Life because we visited the Square lots of time to check if anything had changed.

St George's Square
