

Sutton school is near the city of Canberra but has lots of farms around as well as some Australian bush behind us. We are hot and dry in Summer and can even get snow in winter.

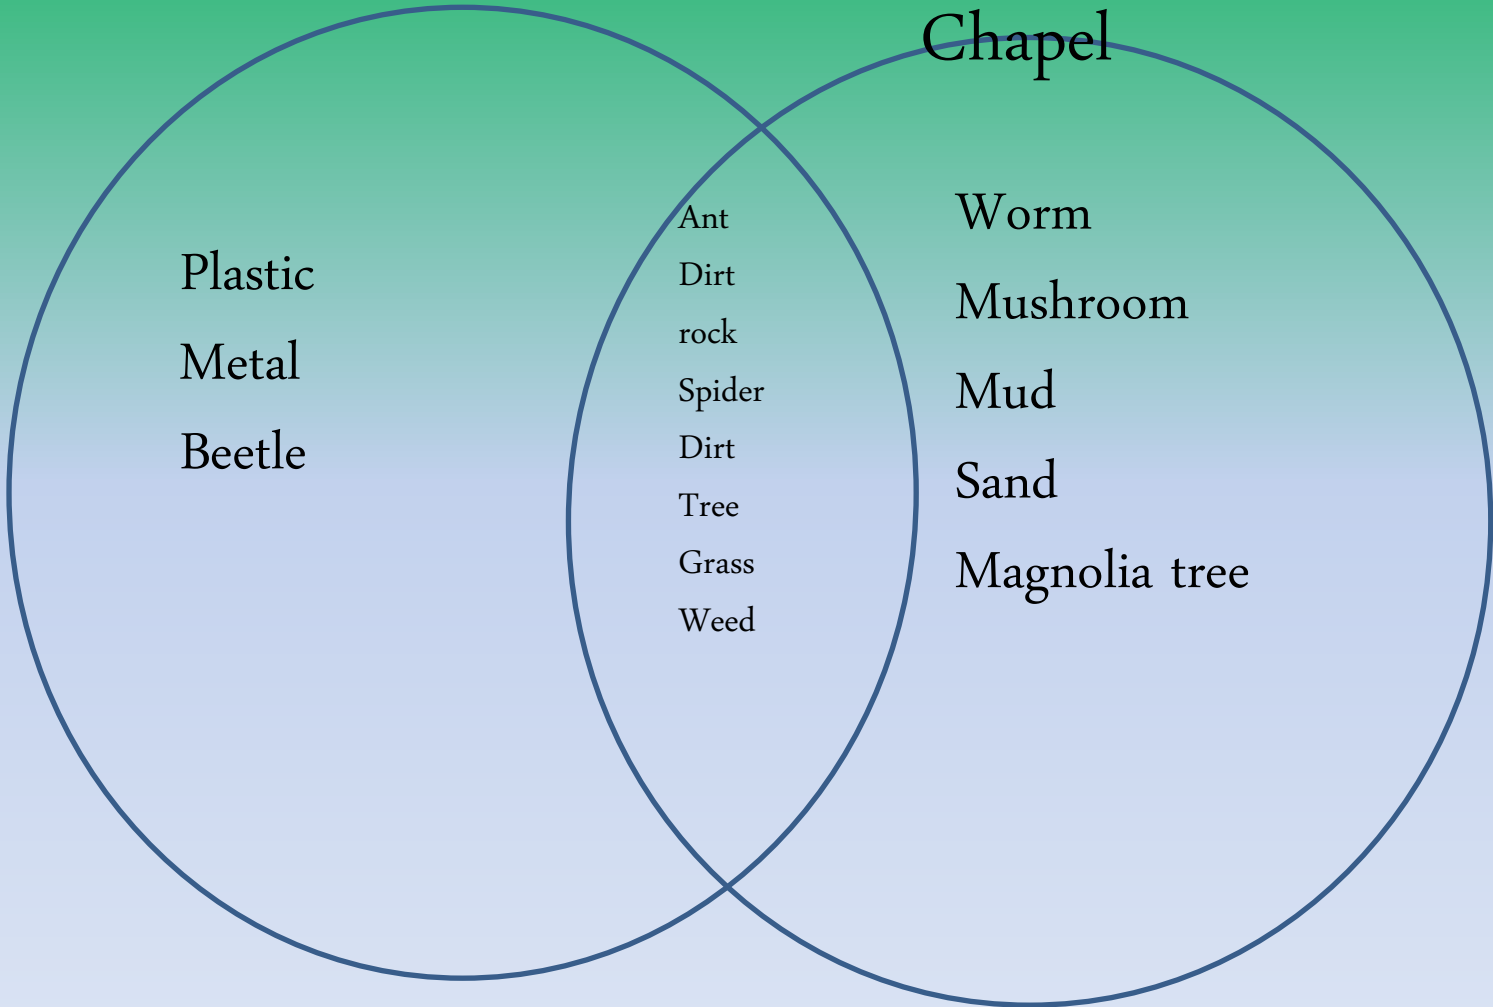

The school we compared our square to was Trinity Chapel. It was probably in the country because it has a lot of plants in the square. It was very similar to our square.

We think our squares are different because their square had a worm.

We enjoyed the Square of Life because we got to go onto the computer and were able to get out of school work.
